"12 Months of Japanese Flowers"

"12 Months of Japanese Flowers" series;  
These motifs are common in Japanese art,  
Each month represents 12 different seasonal flowers and plants.  
Enjoy its gorgeous and tasteful atmosphere.

Examples;  
"Icons of Good Fortune"  
and "Black Squirrels"

"Icons of Good Fortune" are featured Japanese/Asian "good luck" motifs such as carp, dragon and cranes, which brings different types of luck in Asian culture.

"Black Squirrels" are of course, Princeton's local icon!

Examples;  
“Endangered Species”

“Endangered Species” series; making animal related art is her life-time project. She donates 20% of profit to animal welfare organizations.

Although she has worked in a variety of mediums, these pieces of art are done by color pencils on toned paper.

She is hoping this display with her work will raise awareness of animal environments and the possibilities for expression.

Please share this topic on your media, and come and see her artwork in person!
